

What gives “bun” a competitive edge over available temperature/humidity loggers?

(1) **ULTRA-LONG** life battery (up to 20 years) as per table below.

		Upload interval								
		1 hr	2 hr	3 hr	12 hr	24 hr	48 hr	72 hr	Weekly	On demand
Record interval	1 min	*0.9	1.18	1.34	1.53	1.65	1.72	1.75	1.77	1.78
	5 min	1.44	2.43	3.17	4.53	5.77	6.68	7.25	7.47	7.73
	10 min	1.56	2.8	3.82	6	**8.37	**10.44	11.91	12.5	13.24
	15 min	1.6	2.95	4.1	6.72	**9.85	**12.84	15.15	16.11	17.37
	30 min	1.65	3.12	4.44	7.64	11.97	16.7	20.81	22.67	25.25
	60 min	1.68	3.2	4.61	8.2	13.41	19.64	25.59	28.46	32.65
	120 min	1.69	3.26	4.71	8.51	14.27	21.54	28.9	32.63	38.25

*battery life in years

**recommended intervals

(2) **ENERGY** efficient battery management when no WiFi is available.

*Note: WiFi-based loggers available in the market consume up to 30 times more battery than “bun” in environments where a continuous WiFi is not available.

(3) **EASY** and hassle-free installation process via an advanced graphical user interface, in particular for users with limited computer and Internet knowledge.

(4) **SUPER** easy installation using the new WPS feature that increases customers satisfaction. No password entry needed.

(5) **MODERN** silver coated sensor (SHT25) made in Switzerland with the accuracy of 0.3 C. Famous Testo brand has a 0.5 C accuracy.

(6) **ULTRA** secure HTTPS protocol for data transfer over cloud to keep your data more secure and safer.

(7) **HIGH** time resolution for temperature/humidity monitoring.

(8) **NO subscription** or annual fee.

(9) **NEW & STYLISH** packaging.

Welcome to
bun hygro

Serial number: 12345678

DUID number: 12345678

Please make sure you have visited:
<https://www.loggermaster.com> and created an account. Then use your device's serial number (8 digits) and DUID (8 digits) to claim your device before you continue. If your device is not claimed on the website prior to connecting it to Wi-Fi, procedure will fail and should be repeated.

Select the network you wish to connect your bun to

Search by Wi-Fi name (SSID)

SSID	Signal	Encryption
NAVID	📶	WEP
Bruntab	📶	WPA2
Bruntabll	📶	WPA2
Test	📶	Open
NASA	📶	WEP

Your session will be timed out in 0 seconds
